

## **MARK BROWN: INTRODUCTION**

Peak performance. Achieving the impossible. Reaching your full potential. These are lofty goals that so many of us dream about, some of us strive for, and few of us actually attain. What's the difference between those who accomplish these goals and those who don't? Mark Brown, our presenter for this session, will answer this question, and a few others, as he shares the lessons he's learned during his own relentless pursuit of excellence. He migrated from Jamaica to the United States at the age of 18, with \$40 in his pocket and a dream for a better life. 15 years later he earned the prestigious title of 1995 World Champion of Public Speaking. Since then he has continually elevated his level of excellence, while helping thousands of individuals and organizations to do the same on FIVE continents.

Today he will share principles and practices that will shift our perspective, propel us forward, and elevate our level of performance. Please help me welcome, **Certified Speaking Professional**, and **World Champion of Public Speaking, Mark Brown!**
